## **ONE YEAR FIBER-TO-THE-HOME SERVICE AGREEMENT**

1. **AGREEMENT:** LISCO shall provide local telecommunications, television and/or internet service to Customer under these terms and conditions, the order form attached hereto ("Order") and applicable LISCO tariffs on file with regulatory bodies, as amended from time to time (collectively the "Agreement"). All fiber and fiber equipment are the property of LISCO.
2. **TERM:** This contract will begin on the day service begins and be a one-year agreement. This agreement will renew automatically month to month thereafter until either party gives written notice of alteration or termination to the other at least (30) days before the end of any monthly term, or renews another annual contract.
3. **CHARGES:** Customer shall pay LISCO the rates and charges set forth on the order. Charges related to television service will be analyzed on a yearly basis and increases by content providers will be passed onto the user.
4. **PAYMENT:** Payment is due by the due date indicated on the monthly bill. Customer may be assessed a late payment charge if billed amounts remain unpaid after the due date, as specified in the LISCO tariff.
5. **ADJUSTMENTS:** LISCO may impose surcharges to recover amounts required by government or quasi-governmental authorities to collect on their behalf or receive from or pay to others in support of statutory or regulatory programs. Examples include, but are not limited to, taxes, E-911 charge and universal service charge.
6. **LIABILITY FOR EARLY TERMINATION:** If an order is terminated in whole or in part before expiration of the order term, Customer will pay, as termination charges, a lump sum equal to half of the monthly charge multiplied by the number of months remaining in the term. Upon prior approval of LISCO, Customer will not be liable for termination charges if Customer orders another service of the same or greater monthly price with a term no less than the remaining months in the initial order term. If customer moves to a location not served by LISCO Fiber, charges for early termination will not apply.
7. **FORCE MAJEURE:** LISCO will not be responsible for delay, interruption or other failure to perform under the Agreement due to forces beyond its control. Such forces include, but are not limited to, natural disasters (e.g., lightning, earthquakes, hurricanes, floods), wars, riots, terrorist activities, and civil commotions, inability to obtain equipment from third party suppliers, cable cuts by third parties, a local exchange carrier's activities and other acts of third parties, explosions and fires embargoes, strikes, and labor dispute, and governmental decrees and any other cause beyond the reasonable control of a party.
8. **ACCEPTABLE USE POLICY:** Customer agrees to abide by LISCO's posted Acceptable Use Policy available at: <https://www.lisco.com/forms-and-policies/>
9. **INTERNET TRAFFIC POLICY:** Customer understands that the Internet service is for ordinary residential or home business use. Customer with large data transport needs will require customer pricing. Exceeding LISCO's 500 GBs of download bytes per month can require custom pricing and may result in additional charges for GB overages.
10. **PHONE USAGE:** Customer understands that the phone service is for residential or home business use and not for automated telemarketing or bulk auto-dialing services.
11. **LISCO FRAUDULENT USAGE POLICY:** Customer is solely responsible for all long-distance usage accessed through LISCO's network, fraudulent or otherwise. Claims of fraudulent usage shall not constitute a valid basis for dispute of an invoice. The parties agree that Customer, and not LISCO, shall bear all risk of loss arising from fraudulent or unauthorized use of the services. LISCO reserves the right, but has no duty, to take any action it deems appropriate to prevent fraud or abuse in connection with the services, consistent with applicable federal and state laws and regulations. Customer should call LISCO to obtain a pin number for their protection when making international calls.
12. **LISCO's BANDWIDTH POLICY:** LISCO constantly monitors its own connection to the Internet. LISCO's policy is to increase its connection to the Internet as necessary to supply maximum speed to all its customers.
13. **LISCO reserves the right to charge a cancellation fee when construction of the fiber drop was started prior to cancellation.**
